Independence from America!

NO POODLES!

Tony Blair seems determined to follow President Bush into a criminal war against Iraq, even though 56% of people in Britain oppose this war (MORI poll, 1/4/02).

ARROW, London Region CND, the Scottish Coalition for Justice Not War, and **voices in the wilderness uk** are sponsoring a Pledge of Resistance, inviting people to publicly commit themselves to carrying out, or supporting, nonviolent civil disobedience in the event of a major attack on the people of Iraq.

PUBLIC SIGNING OF THE PLEDGE

10.30am-12noon, Saturday 29 June, outside Camden Town tube station.

PEACE PROCESSION

Noon, Thurs 4 July, US Independence Day. Handing in the names of the 500 plus signatories to Downing St. Then a procession to the US Embassy.

2pm, Thurs 4 July, US Independence Day. US Embassy, Grosvenor Sq., Bond St tube

We stand shoulder to shoulder with all Americans who struggle for peace, and who demand justice not vengeance for the terrorist attacks of 11 September.
