

The London Blasts

A Silent Vigil of Solidarity & Commitment

This silent vigil is a response
to the horrific events in
London.

We are people opposed to
violence and injustice,
and we invite you to stand
with us in silence.

We stand for

REMEMBRANCE

We stand silently to remember those who have lost their lives, those who have been injured, and those who have been bereaved by the terrorist attacks in London.

We also remember all those who have died or been injured as a result of violence in the course of the "war on terror" - in the United States, in Afghanistan, in Iraq, in Indonesia, in Spain, and elsewhere.

SOLIDARITY

We stand silently to express our determination to defend the Muslim community, Arab communities, and other groups who face abuse and violent attacks in the wake of these outrages in London.

We condemn all attempts to hold Islam itself responsible for the attacks in London or for any other acts of terrorism.

COMMITMENT

We are committed to building true security and justice.

We are determined to resist military retaliation against other nations, believing that military action undermines our security rather than strengthening it.

We resolve to resist repressive legislation which deepens grievances rather than building justice and reconciliation.

We stand for peace and justice.
